- 5,191,340 MT of CSPO
- 1,210,302 MT of CSPKO
- 1,023,435 Ha of planted area

- Europe, USA, ANZ, Japan:
 - Fully aware, partly committed
 - Trademark registered
 - Uptake slow
- China:
 - Awareness growing
 - Government of PRC is decisive factor
 - Industry will follow
- India:
 - Awareness is starting to grow
 - Industry needs convincing
 - Government will decide

The future (10 years)

- Sustainability is part of license to operate across all commodities
- RSPO is
 - Market facilitator
 - Knowledge centre for sustainable palm oil
 - Global centre for PO smallholder expertise
- Average yield is at 30 MT of FFB, OER 20 %
- New plantings avg 40 MT of FFB, OER 25 %
