# NECESSARY SUPPORT

1. National interpretation RSPO standard for smallholders (*available*)
2. Group certification protocol (*available*)
3. RSPO Certification System (*available*)
4. RSPO Supply Chain Certification System (*available*)
5. Guidance for Training Facilitators on RSPO Principle and Criteria of Sustainable Palm Oil Production for Smallholders (*available*)
6. Guidance for Implementation on RSPO Principle and Criteria for Smallholders (*in printing*)
7. Guidance for Implementation on Good Agricultural Practices for Smallholders (*in printing*)
8. Pilot plan on the implementation of the Group Certification Protocol for independent smallholders (*looking for place to implement*)

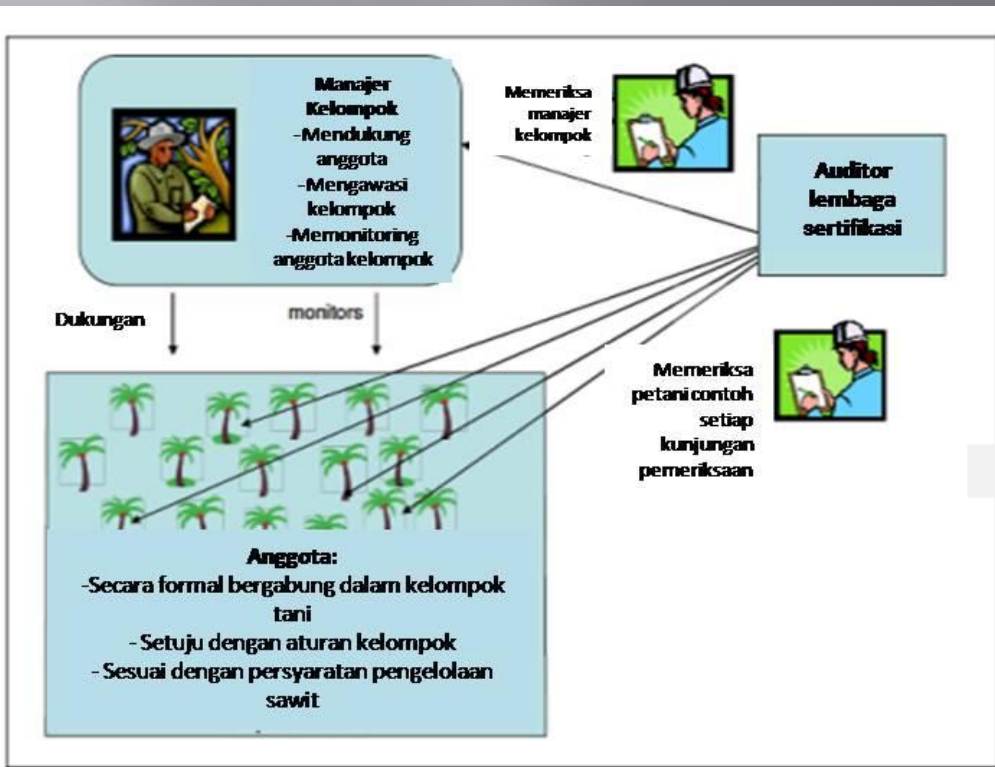

Gambar 1: Struktur Sertifikasi Kelompok

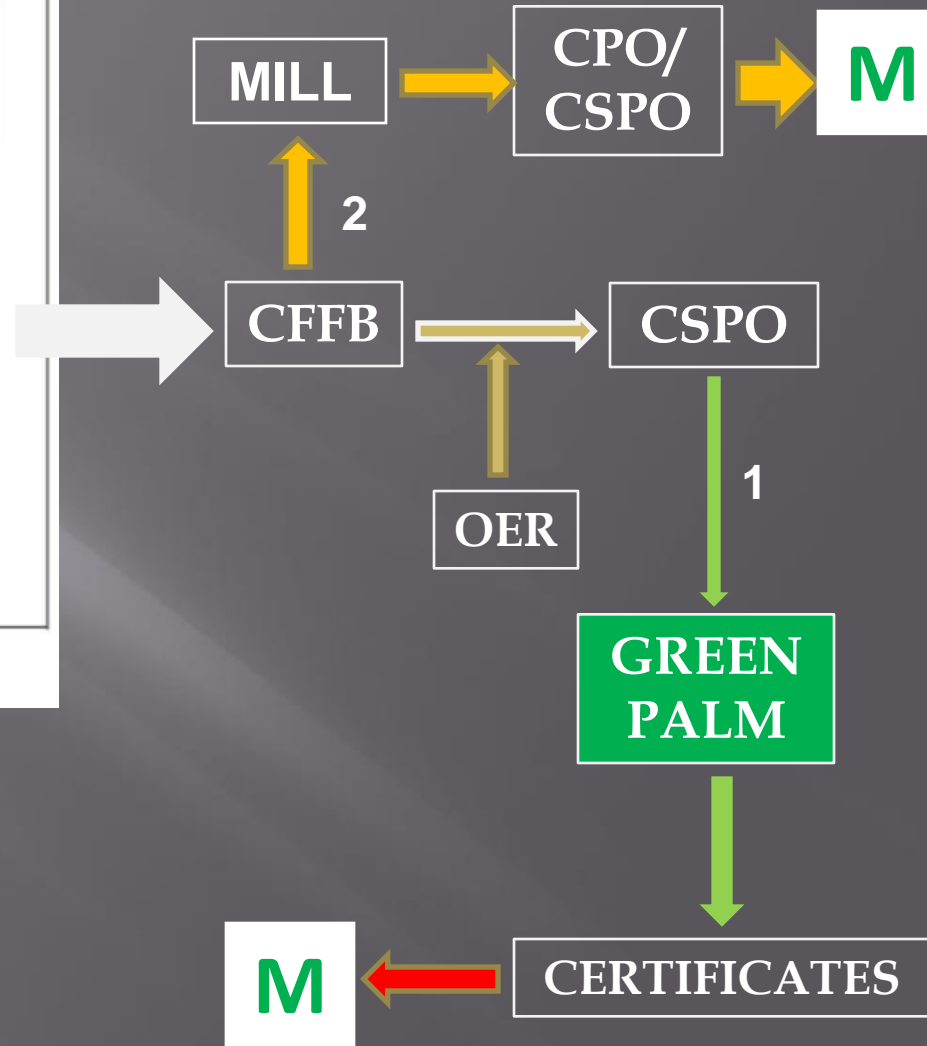

# CERTIFICATION SMALLHOLDERS

1. Expecting higher FFB price
2. There is no certificated mills around
3. Uncertified seeds

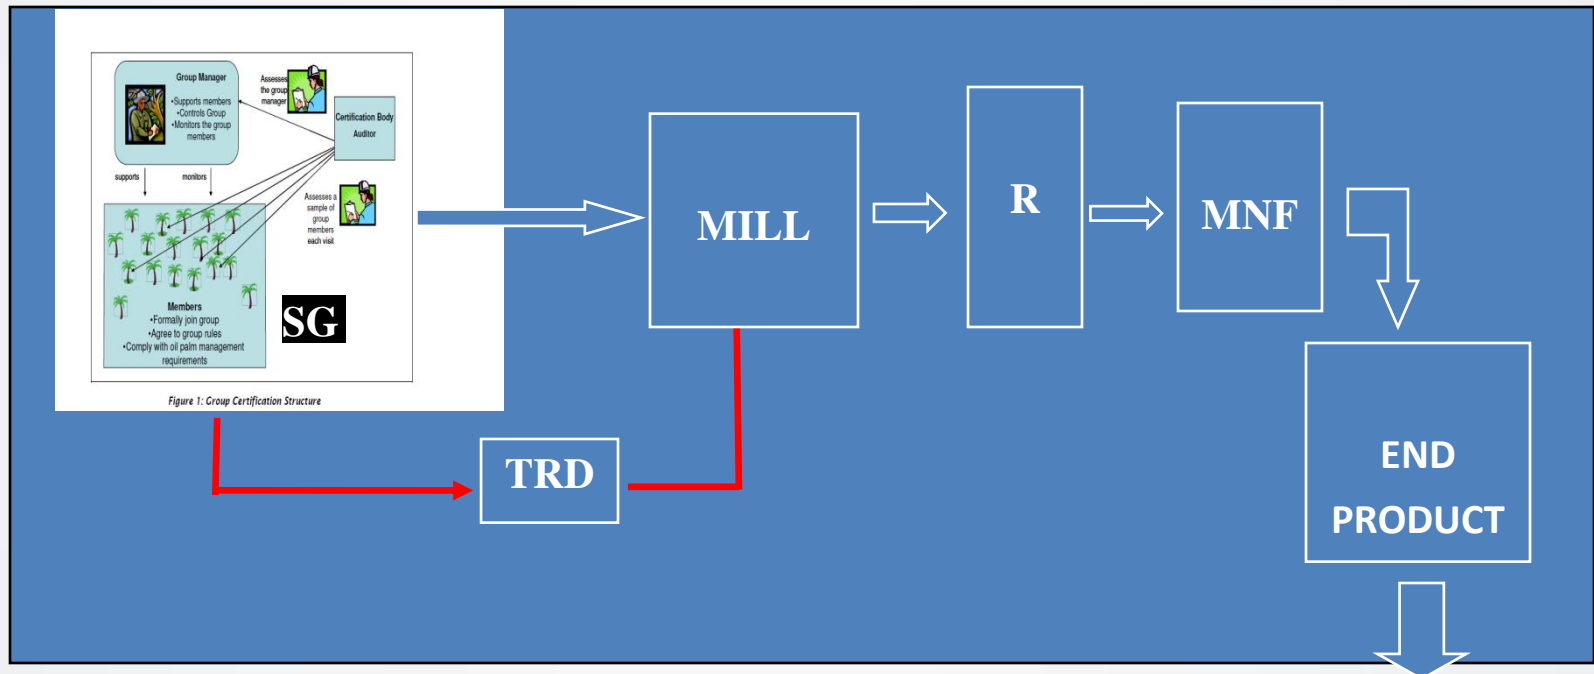

Gambar 1: Struktur Sertifikasi Kelompok

- 1 and 2 will go separately
- 1 = virtually trade
- 2 = physically trade
- M = market

# PILOT PLAN

SG = Smallholders  
Group  
R = Refinery  
MNF = Manufacture  
TRD = Traders

SUPPORTERS:  
INA-SWG  
NGO  
GOV  
COY

# STEP OF ACTION PLAN

1. Development of smallholders organization (NGO, Govt and company help needed)
2. Group Manager & ICS development
3. Training ICS and smallholders (RSPO GCP, RSPO P&C)
4. Implementation of P&C (farmers & ICS)
5. Setting up trading system of FFB. Setting up traceability system
6. Conducting gap analysis
7. Implementation of Correction Action Request
8. Certification process by independent CB
