

The role of the S.C. on Trade & Traceability

Hidde van Kersen, IOI Loders Croklaan

Paul Nellens, SIPEF

Orange = RSPO secretariat

Blue = member groups

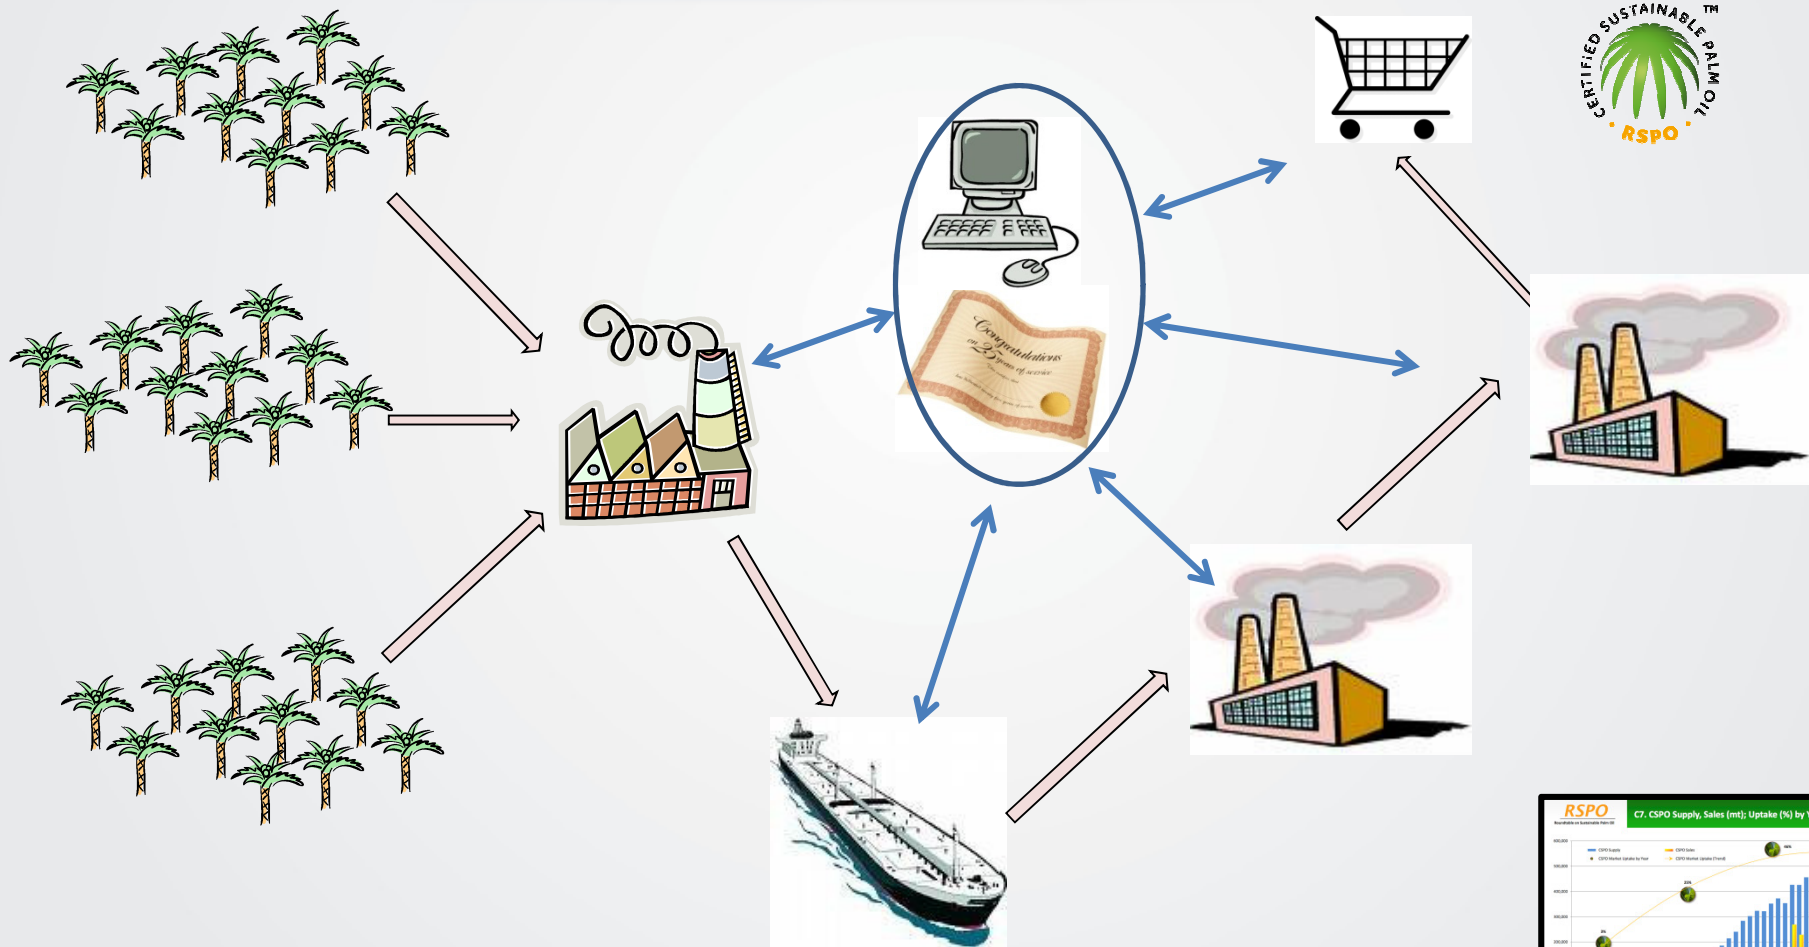

Trade & Traceability

To help transform the market and make CSPO the norm

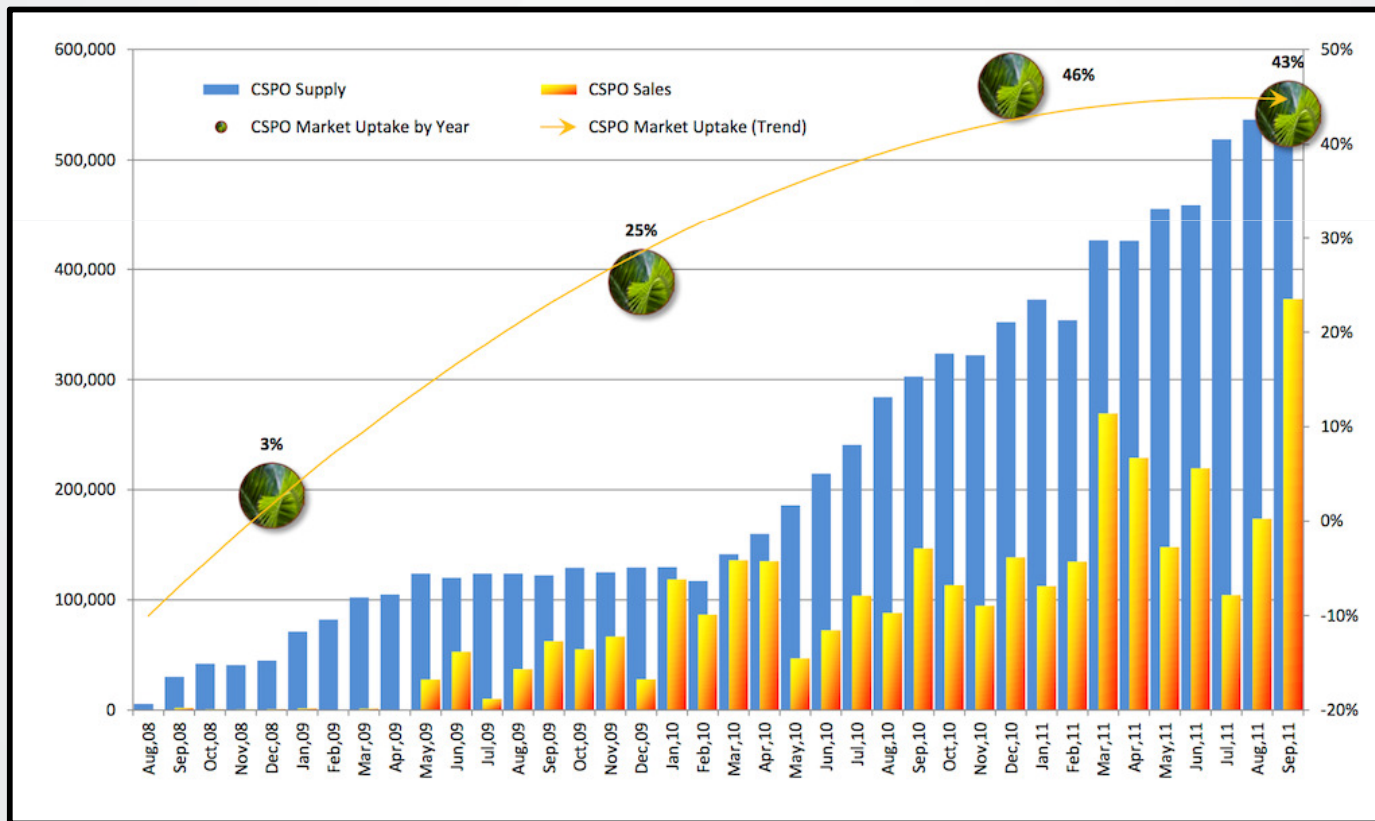

Our scope:

- Develop and maintain supply chain models
- Evaluate the organizational and market capacity (to manufacture, trade and utilize...)
- Identify and tackle bottlenecks in the supply chain and the market

CSPO: a complex supply chain

CSPO uptake at 60%, slowly rising

SCT&T project pipeline

Current :

- Input in P&C review 2012
- SCCS and Trademark reviewed
- Rules for derivatives developed
- Improvement of market data quality (GP, UTZ, etc)
- RSPO recognition for RED in EU

Continuous:

- Issues and questions relating to SCCS

3 rounds of 50 minute sessions
